

# GIFT OF LIFE AUSTRALIA

## SAVE A LIFE

Four Jewish Leukaemia patients aged 3, 6, 15, and 20 years are dying.

A matching blood stem cell or bone marrow transfusion can save their lives.

If you are healthy and 18-45 years old **YOU** may be their only match and hope.

**The Australian Jewish Community is invited to save a life:**

**a two teaspoon blood test is all it takes.**

**Testing is held in Sydney:**

Wolper Jewish Hospital Woollahra

on Sunday mornings by appointment
